

Hollander International will clear your international shipment through The United States Customs Department. It is necessary for you to complete these customs forms. Improperly completed Declaration Forms may cause delays and needless expense.

It is imperative that we receive this information as quickly as possible. Failure to supply the customs information required will result in possible seizure by U.S. Customs and placement into Government Ordered Storage.

If you have any questions or need some assistance with completing the paperwork please contact Hollander International.

Sincerely,

Bonnie Regalado
